

PAGES	PAPERS
55 – 62	Evaluation of Hexaploid Wheat Varieties for Making Bread by High Molecular Weight (HMW) and Low Molecular Weight (LMW) Analysis <i>Nawroz Abdul-razzak Tahir</i>
63 – 68	The Role of Silymarin in the Protection of Mice Liver Damage Against Microcystin-LR Toxicity <i>Wahsha M. , Al-Jassabi S.</i>
69 – 76	Effects of Trans-Resveratrol, Isolated from Smilax Aspera, on Smooth Muscle, Blood Pressure, and Inflammation in Rats and Nociception in Mice <i>Abeer H. Harb, Musa abu Zarga, Shtaywy Abdalla</i>
77 – 82	Genetic Polymorphism of Manganese Superoxide Dismutase (MnSOD) Among Breast Cancer and Benign Breast Patients in Jordan: A Preliminary Study <i>Malak S. Abdel-Fattah, Manar Atoum, Saleem Abdel-Rahman, Ali Alobous</i>
83 – 88	Predicting Species Relative Abundance in Ecological Communities <i>Nidal Odat, Moh'd T. Moh'd Taleb Alodat, Riyadh Muhaidat, Faisal Ababneh, Abdel Rahman M. Al-Tawaha, Salem Aladaileh</i>
89 – 96	Genetic Relatedness among Wild and Cultivated Almond Genotypes Using Randomly Amplified Polymorphic DNA (RAPD) Markers in Jordan <i>Abdul Latief Ali Al-Ghzawi, Ibrahim M Rawashdeh, Abdel Rahman Al-Tawaha</i>
97 – 102	Sap11/Sap12 and egc Associated Toxin Genes are Dominant in Slime Forming Clinical Staphylococcus Aureus Isolates Harboring icaABCD-Operon <i>Ala'a M. Bawadi, Salwa Bdour and Adel Mahasneh</i>
